## **Oberlin Heritage Center Welcomes School Groups** *Consider a Spring Field Trip to Make History Come Alive for Students*

The Oberlin Heritage Center is accepting reservations for spring field trips for guided tours of its historic site, history walks through nearby community neighborhoods or hands-on-history programs in its one-room, pioneer-era Little Red Schoolhouse. All tours and programs can be tailored to enhance school lessons and meet academic content standards. Consider these fun, low-cost learning opportunities:

- (1) **Oberlin Heritage Center guided tours** include three historic Oberlin buildings that serve as backdrop for engaging stories of this community where everyday people have done extraordinary things ever since the college and town were founded in 1833. Learn about Oberlin's leading roles in the Underground Railroad and abolition, women's history, the development of aluminum, and more. Allow one hour and 15 minutes for the guided tour. Recommended for students from 7 years of age and up.
- (2) **History Walks** are designed to keep the stories flowing and the scenery changing as a guide leads your group through the neighborhoods surrounding the Oberlin Heritage Center. Recommended for students from 9 years of age and up. Choose from two different themed walks:
  - (a) The **Tappan Square History Walk** features the buildings and landscape framing the 13-acre park-like setting in the center of downtown Oberlin. Students will see that history isn't just something they read about – it's all around them in buildings, cities, landscapes, and stories. They'll learn about early residents and hear tales of triumph and misfortune, walking away with a lively appreciation of Oberlin's unique heritage. Allow approximately 1 hour for this walk.
  - (b) The **Freedom's Friends History Walk** begins at the front steps of First Church, U.C.C., at the northwest corner of Main and Lorain Streets and winds through downtown neighborhoods as your guide highlights Oberlin's important role in the history of abolition and the Underground Railroad. Allow 1 hour and 15 minutes for this walk.
- (3) **Lessons in the Past** allows school-aged children to take a step back in time inside the Heritage Center's Little Red Schoolhouse. This educational and fun program accommodates groups of 10-25, who will enjoy taking part in an atmosphere of learning that reflects a typical school day in the early 1800s. Guests are welcomed by a costumed interpreter and immersed in historic school lessons including reading, penmanship, arithmetic, and more, all tailored to the grade level of the group. Games and amusement are mixed in among the lessons, and weather permitting there will even be time for "recess" and old-fashioned diversions on the schoolhouse lawn. Recommended for students 7 years of age and up. Allow 1½ hours for this lively and memorable educational experience. Can also be combined with an on-site or walking tour option.

Advance reservations are required for all of our field trip options. There is a \$3 cost per student for tours, history walks and “lessons;” adult chaperones visit for free.
