The Wright Brothers and Oberlin: A Mutual Adoption

***Presenter: Norman Craig, Oberlin College
Emeritus Professor of Chemistry***

While many people know that the Wright Brothers were from Dayton, Ohio and made their famous first flights at Kitty Hawk, North Carolina, fewer know they had strong ties to Oberlin as well. Professor Norm Craig traces Wilbur and Orville's Oberlin connections, including the key role of the "Wright Sister," Katharine, who

graduated from Oberlin College and later served as a College Trustee. This talk is prompted by the new biography of the Wright Brothers by Pulitzer Prize-winning author David McCullough.
