## **2015 Begins with Gratitude!**

Thank you to the 278 donors who helped raise a record-high \$44,000 for the 2014 Annual Fund – a 19% increase over last year! The Heritage Center is *tremendously grateful* for this vote of confidence in the work being done to preserve and share Oberlin's diverse history in the community, online, in print, in the classroom, and in the fields of small museum administration and nonprofit management. Your support helped accomplish many highlights throughout the year: publication of the oral-history based book *Bonnets to Boardrooms: Women's Stories from a Historic College Town*, a busy calendar of guided tours, themed history walks, and educational community programs, filled-to-capacity kids' summer camps, OHC's re-certification by the Ohio Association of NonProfit Organizations for its Standards for Excellence program, preservation progress at the Jewett House, Little Red Schoolhouse and the Vineway building, and two statewide awards from the Ohio Local History Alliance. We're looking forward to working together again with YOU to bring about another great year in 2015!

## **Oral History Volunteers – OHC Needs YOU!**

We've all been delighted with the success and reviews of *Bonnets to Boardrooms*, OHC's new oral history publication based on women's stories from the 20<sup>th</sup> century. But in order to pull together such an outstanding book, we needed the stories to do it! Many volunteers have worked together over the years to compile the amazing repository of information now contained in the 150+ interviews of the Oberlin Oral History Project. As we begin a new year, we also plan to reorganize the **Oral History Committee**. Current oral history committee members and new interested potential oral history volunteers are invited to a meeting on **Wednesday, January 21 at 4:30 p.m.** at the Monroe House. At this meeting we will discuss the current state of the project, review redefined volunteer roles and responsibilities, and consider projects for the future. Interested volunteers should RSVP to committee liaison **Liz Schultz** by January 19 ([tourinfo@oberlinheritage.org](mailto:tourinfo@oberlinheritage.org)).

## **January 28: Who Hauled Hall on Top of Hall?**

Oberlin College Professor Emeritus of Chemistry, **Norman C. Craig** (OC '53), offers an entertaining and informative discussion of Charles M. Hall (OC 1885), the Perkin-Medal-winning discoverer of the modern aluminum extraction process, and new developments in Hall's historic legacy. Through his technical achievements, Hall transformed the metals industry, enabled long-distance transmission of electricity, and made way for revolutionary modes of transportation. Through his wealth, he propelled Oberlin College into the 20<sup>th</sup> century. The program's curious name comes from an Oberlin College student-written song *Who Hauled Hall on Top of Hall?* submitted in a 1954 local contest soon after the dedication of the College's Hall Auditorium. **Ann Craig** OC '55 and classmate **Helen Thompson Taylor** will treat the audience to a performance of the song to begin the program. The presentation follows some of the "wanderings" of the College's lightweight aluminum statue of Hall, the saga of the final construction of Hall Auditorium, and the controversial story of Hall's sister, Julia, and whether or not she played a significant role in her brother's work. The event takes place at Kendal at Oberlin's Heiser Auditorium, on **Wednesday, January 28 at 7:15 p.m.** and is free and open to the public.

### **OHC's Educational Outreach Receives Community Foundation Support**

Hip-hip-hooray and then some! **The Community Foundation of Lorain County** recently approved a grant of \$21,495 to fund OHC history education outreach for 2015. Warmest thanks to grant funders: **The Jane & Eric Nord Fund (Mrs. Jane Nord)** and **The Vanek Family Charitable Fund (Dr. & Mrs. John A. Vanek, Matthew D. Vanek, and Mrs. Jessica P. Dublikar)**.

### **Voices from Westwood**

Often when doing research we come across interesting stories about individuals now buried in Oberlin's Westwood Cemetery. Recently, OHC Board member **Camille Hamlin Allen** learned the story of **Marjorie Lyman Henderson Buell**. Perhaps you've heard of the comic character "Little Lulu" – Henderson created her in 1935 while working for *The Saturday Evening Post*. While Buell retained creative control, the comic was later taken up by cartoonist John Stanley, and Lulu and her friends were immensely popular throughout the mid-1900s, even leading to some theatrical shorts. Buell died in Elyria in 1993 and is buried in Westwood (Section X). Find out [more](#) about Henderson Buell and Little Lulu at [www.thecartoonists.ca](http://www.thecartoonists.ca).

A recent study by the **Ohio Association of Nonprofit Organizations (OANO)** reports that Ohio nonprofits are proving themselves a force to be reckoned with. Not only do nonprofit charitable organizations enhance lives through their social services, advancement of the arts, education, increased tourism, community development and other missions, the more than 14,000 reporting nonprofits also serve as a major force in Ohio's economy. OANO's economic impact study indicated that the charitable sector is the fourth largest employer in Ohio by industry and contributed \$70 billion to the state economy in 2011, which was more than 14% of the state's gross domestic product. The Third Thursday Lecture at Kendal at Oberlin this month features **Brian Frederick**, President and CEO of **The Community Foundation of Lorain County**, speaking on "*Community Foundations at 100: More than Grantmaking.*" This free public event takes place **Thursday, January 15 at 7:15 p.m.** at Kendal's Heiser Auditorium (600 Kendal Drive).

A new stone marker, installed with the assistance of OHC member, **Tom Shurr**, now graces the sandstone patio on the south side of Center Pond opposite the entrance to Kendal at Oberlin's Heiser Community Center. As you may recall from the August 2014 E-Gazette, this peaceful viewing area sits upon paver stones once used along an Oberlin neighborhood sidewalk, then re-used by **Jep and Demmie Carrell** for a patio outside their Kendal cottage. Following cottage renovations, the sandstone was given by Demmie in late summer to be used as the foundation for two inviting benches overlooking the pond. The commemorative marker proclaims "Original Paving Stones from Oberlin Sidewalks Union St. & Main St." If you happen to be in the Kendal neighborhood, stop by and enjoy patio, pond and handsome plaque!

Congratulations to Lorain County, Ohio's three Sheffield communities (Sheffield Lake, Sheffield Township and Sheffield Village) as they celebrate their common founding 200 years ago. At least 25 events have been scheduled to commemorate the **Sheffield Bicentennial** throughout the year. For details, visit [www.sheffieldbicentennial.org](http://www.sheffieldbicentennial.org).
