## **Bed & Breakfast Volunteer Hosts Needed**

The Oberlin Heritage Center seeks residents to host parents and college-age students during Oberlin College's Freshman Orientation at the end of August. Hosts are needed for one or more nights between Monday, August 30 through Wednesday, September 1 (with the greatest demand being on Monday night). If you can offer a private bedroom (double or twin beds) and a private or shared bathroom, with a simple breakfast provided in the morning, please let us know. This is the biggest fundraiser of the year for the Oberlin Heritage Center, with OHC members and friends volunteer their time and opening their homes, while out-of-town guests contribute to the Oberlin Heritage Center for their accommodations. It's a great opportunity to be an Oberlin community ambassador and many long-time friendships have resulted through these bed-and-breakfast stays. For more information, or to volunteer as a host, please contact Oberlin Heritage Center Board Member, Cathe Radabaugh, at [cathe.radabaugh@oberlin.edu](mailto:cathe.radabaugh@oberlin.edu) or (440) 774-4646.

## **Oberlin Heritage Center Interns are a Resourceful Bunch!**

*The Oberlin Heritage Center is pleased to have four college students and recent graduates assisting the organization with a variety of projects this summer. Several internships are in collaboration with and supported by grants from other funding sources including the Ohio Humanities Council, Leadership Lorain County, and the Bonner Scholar program at Oberlin College. Get to know these interns a little better by reading on...*

The Oberlin Heritage Center is delighted to have received a \$2,000 grant to support the cost of a summer intern position from the Ohio Humanities Council, a state affiliate of the National Endowment for the Humanities. Oberlin high school graduate and current Oberlin College art history major **Rachel Luczkowski** (OC 2012) has accepted the position, and is giving tours, and helping with events as part of learning more about museum careers. Her major project for the summer is creating a virtual exhibit of photographs of Oberlin, then and now. If you have photographs of Oberlin buildings (including those that are no longer standing) that you may be willing to share with the Heritage Center for this or future projects and to help fill gaps and add to the Resource Center photography collection, please let us know.

For the past 9 years, the Leadership Lorain County Internship Program (LLCIP) has provided local college students with internship opportunities throughout Lorain County. The Summer Internship Program is designed to offer quality 10-week paid internships to local college students while providing nonprofit organizations, such as the Heritage Center, with the energy, skills, and dedication that college students bring to these internships. The Oberlin Heritage Center became involved as a LLCIP intern placement site in 2004. This year, we are pleased to welcome **Laura Laubenthal** as our 2010 Leadership Lorain County summer intern. Laura lives in Elyria and will be a senior this fall at Bowling Green State University where she is majoring in history and minoring in art history. She is doing a fantastic job staffing the front reception office this summer, answering phones, handling Museum Store purchases, doing lots of special projects, and she has been trained to be a docent. Also helping at the Heritage Center this summer is former LLCIP intern, **Mary Moroney**, an Oberlin native, who graduated from Ohio University last year. Mary worked at the Heritage Center as a Leadership Lorain County intern for two summers while attending college. Now she is employed as the Title I Reading Teacher at Summit Academy in Lorain, and has returned to the Heritage Center as a summer staff member to give tours, help with the City-wide Historic Building Inventory, and assist with children's summer camps and other educational programs.

The Bonner Scholars Program provides students who have demonstrated outstanding community service with the financial support needed to attend college and continue to be involved in the community. Oberlin native, **Tim Krumreig** (OC 2012), has volunteered with the Oberlin Heritage Center for the past two years, and continues as a Bonner volunteer this summer. Tim is a geology major (with an anthropology minor) at Oberlin College and is assisting the Heritage Center staff with collections projects and helping with several of our Summer Camps for Kids this summer.

## **The Power of a Historic Photograph (or two)**

Congratulations to LorMet Community Credit Union on the Grand Opening of their glistening new Oberlin branch at 49 South Main Street! The exterior of the building has been meticulously brought back to its original 1958 appearance in accordance with a historical photograph from the Heritage Center's collection. The interior also recalls the décor and design of the 1950s, right down to the yellow and turquoise Formica topped chrome dinette set in the staff room. Pat Murphy, the Oberlin Heritage Center's Executive Director, noted "It is great fun and very gratifying that the Heritage Center's research and historic photo collection helped LorMet to devise a historically accurate design that is a great new addition to the downtown historic district and an asset for the entire community. I commend the leadership of LorMet and its CEO Dan Cwalina as well as architect Mark Lessner for their hard work on this amazing project." The Heritage Center (then known as the Oberlin Historical and Improvement Organization or O.H.I.O.) also played a major role in the renovation of the neighboring building, the New Union Center for the Arts, by spearheading the reconstruction of the building's bell tower in 1997. That project, too, was made possible by the existence of a historic photograph which showed the original tower prior to its removal in 1940.
