### History and Significance

This simple, vernacular, side gable, side hallway house features a door at the right of the front/east facade. It has Colonial Revival elements. The wood door has a window in its upper half. Concrete steps with a metal railing lead up to the door, which is shaded by a wooden, gable hood that has simple wood brackets below it. A large 1/1 double hung window is located to the left of the door. Two 1/1 windows are situated in the second story. The south elevation has an exterior chimney running through the center of the gable and the brick of the chimney has been painted. The first story of the elevation has a 6/6 window to the right of the chimney, and at the second story, 6/6 windows are to the left and right of the chimney. The north elevation has a 1/1 at the far left of the first story and a smaller 1/1 at the far right. A small window is near the center of the first story. The second story has a 1/1 window at the left. This elevation features the gable end, which extends farther down on the right side, giving the house a hint of a saltbox appearance.

### Description of Environment and Outbuildings

The original, one-car garage has a front gable and wood, clapboard siding. A wood fence is located at the rear of the house. This house is located on a residential street that receives little traffic.

42. Further Description of Important Interior and Exterior Features (Con't)

43. History and Significance (Con't)

WWII. Their son Robert Raymond (b. 1908) was listed here with his parents during 1942 as a factory worker. The Bungards lived here through 1961. The next known occupant was Esther C. Nelson, who was a reference librarian at Oberlin College, in 1970. The next known occupant was Gary Robinson, who lived here from at least 1979 to 1989. John Appley, Peter L. Koschnick and Housing and Urban Development were each owners for a time after 1989. Mack Restorations LLC has owned the house since 2008 and rents it out.
