Moved

#### 37. Window Type(s)
Casement, Other

#### 38. Building Dimensions
50’ x 44’

#### 39. Endangered?
By What?

#### 40. Chimney Placement
Gable end, flush

#### 41. Distance from & Frontage on Road
Dist: 35’ & Frontage: 92’

#### 42. Further Description of Important Interior and Exterior Features (Continued on Reverse if Necessary)
This one story contemporary ranch style home has an L-shape plan. A two-car attached garage projects out from the right side of the front elevation. The roof is arranged as a side gable. A door is located off-center next to the garage bay that projects out. Another door is located on the side elevation, which is most likely an entrance into the garage. The front elevation contains five windows to the left of the door arranged as a ribbon of continued...

#### 43. History and Significance (Continue on Reverse if necessary)
This neighborhood, the Shipherd Circle development (also known as College Park), was created to help meet the need for attractive housing to entice & retain quality faculty following WWII. The College was also eager to promote its new development as a racially integrated neighborhood. The College acquired a large tract of land on the eastern edge of the town south of East College Street, the acreage long known to continue...

#### 44. Description of Environment and Outbuildings (See #52)
The house is located in the Shipherd Circle neighborhood, it is fifteenth house located on the right side of the street. The house sits back off of the street. It appears to be unaltered and in good condition. Other well-maintained houses also surround it.

#### 45. Sources of Information
windows. The windows appear to be casement windows that have wood surrounds and brick plain slip sills underneath them. The exterior is covered with a brick finish in a stretcher bond pattern. A chimney appears at a gabled end and is flushed with the exterior wall. The foundation is difficult to determine, but it seems to be either brick or concrete, and there is a basement according to the Lorain County Auditor's property card.

1898 to 1919.' The first houses were built in 1950 (Blodgett 213, Lothrop). The Lorain County Auditor's Property Card shows that this house was built in 1955. Donald C & Elizabeth Gove, listed in the 1956 City Directory, were probably the first residents. The city directories indicate that Donald was a salesman for Fox Furniture Co at 34 E College in 1956, a mail carrier for the Post Office in 1961. Elizabeth was a nurse for the Lorain County Health Department (City Directory). Don Gove died in 1977 and Eric Severs bought this house. William G Persons lived here from 1994 to 2001.
