**New Trustees**

**Elizabeth Elrod**

Elizabeth has lived in Oberlin for twenty years and has been involved in the community in many different capacities. She currently works for the Oberlin Business Partnership as the Administrative Assistant. Previously, she assisted with the Spanish in the Elementary Schools (SITES) program. Elizabeth has also volunteered at Oberlin Community Services' food bank and garden and helped with events as her children went through the Oberlin City Schools (both of whom have also worked with the Oberlin Heritage Center). She was excited to begin volunteering with the Oberlin Heritage Center last fall and squeezed in one day of training before pandemic conditions prompted a second shutdown. In her free time, she enjoys gardening, reading, tennis, and spending time with her family. We look forward to welcoming her back and in a new role.

**Gene Matthews**

Gene hails from Kentucky and earned degrees from Lorain County Community College and Baldwin Wallace while working as the assistant director of facilities at Oberlin College. After advancing to Director in Oberlin, he then became the Director Facilities Services at Case Western Reserve University, from which he retired in 2015. While there, Gene spearheaded sustainability and efficiency improvements. Locally, Gene has been very involved in Oberlin Community Services, POWER (Providing Oberlin With Efficiency Responsibly) and facilities and sustainability improvements at First Church, U.C.C. He is a self-proclaimed history buff and likes to read about the Civil War and post-war era.

Eugene "Jean" Foggo Simon is returning to the Oberlin Heritage Center board from her status as an honorary trustee. Jean had previously served from 1999 to 2011 in a variety of leadership roles, including Secretary, Vice President, and chair of the Governance Committee. Jean also helped with membership, strategic planning, oral histories, and representing OHC on the Underground Railroad Implementation Team. Jean holds degrees and certifications from Wilberforce University, the Oberlin School of Commerce, Institute of Supervisory Management Studies, and International Institute of Municipal Clerks. She worked as the city clerk / clerk of council of the City of Oberlin for many years. Until the pandemic, Jean could regularly be found working in the Monroe House, archiving the many announcements and events of the organization. Jean is proud of her Pequot and Bermudian heritage and extensively documented her family's history on St. David's Island. Jean was a leader in the successful movement to change the City of Oberlin's observance of Columbus Day to Indigenous People's Day and she continues to coordinate related public programs and initiatives.
